Second Annual Kids Camp

With the great success of last year's camp, we hope to make our second camp an even more fun.

This camp is open to NH and VT young people, ages 9 to 17, who are affected or infected by HIV or chronic hepatitis.

What are we doing this year?

We took the great feedback from last year and incorporated that into the design of this year's camp.

The planning process is underway and we're lining up great projects and activities for everyone.

Craft projects, workshops and outdoor activities are all part of this year's camp. Hopefully, the weather is warm for swimming down at the lake, too.
